Golf Club Organized For 1934 Season

A meeting was held this evening for the purpose of organizing the golf club for the present season. The following officers were elected: T. Lees, president; G. Caswell, vice-president; C. Stewart, secretary-treasurer. Executive committee: R. J. Scott, R. C. Waller, R. Nisbet and C. L. Dunford.

The membership fee was set at \$1.50. Ladies free. Highschool pupils free, (with proviso).

The following green captains were elected: 1 G. Caswell, 2 E. MacArthur, 3 S. A. Miller, 4 M. G. Whitlock, 5 F. E. Neid, 6 R. J. Scott, 7 T. Lees, 8 R. Nisbet, 9 H. Austen. Assistants were appointed: 1 E. N. Charbonneau, 2 M. J. Murphy, 3 C. L. Dunford, 4 D. L. Dick, 6 R. C. Waller, 7 C. Stewart. Assistants for greens five, eight and nine will be appointed by the executive.

All wishing to join the club are asked to advise the secretary.

Heavy Rainfall and Snow over Week-end

Starting Saturday evening about six o'clock rain fell for about eight hours for a precipitation of .76 inch. While not general over the entire district, the territory receiving rain extended from about 6 miles north of town to ten or twelve miles south, and covered a large area east and west. This rain was followed by a further heavy shower Sunday, which brought the total precipitation to 1.01 inches. On Monday night wet snow fell over a large area for another .25 inch, bringing the total moisture received over the week-end to 1.26 inches. During the rains, and the days following the weather was dull and chilly, temperatures ranging between the low 'forties' and low 'thirties', but not freezing. Today, the weather is warmer and sunny, with 61 standing as the maximum temperature.

Farmers in the area receiving this fine supply of moisture are feeling greatly relieved, as little further soil drifting is expected, and the land is in excellent condition as a seed bed.

Moving Well Equipment to Calgary by Truck

During the last few weeks, considerable equipment from the Fuego oil well site, including casings, boiler and heavy timbers, have been trucked to Calgary where it is being offered for sale.

Maintaining the Highway

Travellers on the highway appreciate the work done by those in charge of sections, who get on the road as soon as possible after a rain and get the surface into good condition again. It happens too frequently that the work of (Concluded on page 2.)

Section Worker Loses Foot Dies Later in Hospital

Phil Samlak, a railroad employee, who worked on the section at Alsask, had one of his feet taken off, when he slipped alighting from the west-bound train on Tuesday morning, at the coal dock here. The injured man was attended by Dr. D. L. Dick of Oyen and later returned on the east-bound train to Alsask where he was taken to hospital. His death occurred later in the morning.

About Town and Country

Mr. Andrew Anderson of Calgary was a guest at the home of Mr. and Mrs. Gillespie over the week-end.

Local shareholders of the Fuego Oil Company are apparently in the dark as to what policy the company is following. The removal of much of the equipment to Calgary, where, it is understood, it is being offered for sale, is a matter which concerns all who own shares and a statement from the directorate would be appreciated.

Members of the local baseball club are having workouts at the ball park under the watchful eye of manager Marshall, in preparation for a strenuous season. Among the boys who will be missed from the regular line-up this year are Paul Kornichenko, Andy Lees, Victor Thygesen and Alex. Wright. Paul left last week for Meanook, Alex. is away on a trip and Andy and Vic are in Calgary.

While the rain and snow-fall of the week-end will have a beneficial effect over a wide area, the outlying parts of the district are still experiencing soil drifting and need rain. Where the rain fell the seed bed is in excellent condition.

It has been suggested that the usual custom of early closing on Wednesdays during the months of June and July, be extended this year. By commencing on the 16th of May, three extra half holidays would be obtained.

Alex. Wright and Dick Desmond, left last Thursday on a motor trip with no set destination. While on their tour they will visit William Desmond at Killam. The boys are pulling a trailer very comfortably fitted up as living and sleeping quarters.

Mothers' Day will be observed, Sunday, May 13.

Maintaining the Highway

(Continued from page 1.)

maintaining the road is not done soon enough after a rainfall. The dirt becomes too dry before the work is done and a poor job is the result.

IN LIGHTER VEIN

An Ear for Music

The pianist was playing the first bars of the Wedding March.

"What's that?" asked Mrs. Jones, turning to her weary husband.

"Oh," he replied, "that's the beginning of 'Stormy Weather!'"

And That's That!

The tired-looking man sat facing the solicitor. "So you want a divorce from your wife," said the latter; "Aren't your relations pleasant?"

"Mine are," came the answer, "but hers are simply terrible."
